And Notices of**

**Bylaws:** None

**Department Reports:**

**Financial:** Nancy has received the OPTA log-in info, all input must be done February 1-28. Mike to help with the 911 sign charges.

**Marketing:** George is looking into pricing for newspaper ads. He is considering doing a calendar using pictures that the kids at the school will draw in a contest.

**Safety & Library:** The 911 signs for Shady Lane are ready to install, they just have to be entered into the database first. Mike and Al will plan to do some of the 911 audit for the water properties by snowmobile this winter.

The computer courses at the library are not being well attended.  
The fire department has approval to start some more training.

**Recreation:** Kerry is missing one key for the change room, probably someone from the Oktoberfest committee has it. A community member suggests having a written sign-out system for keys. Kerry installed rubber matting in the change room today, the bill for it will be about \$500. The ice is good, it is getting lots of use, the rink schedule will go on the website. Kerry will have a meeting of the Rec Committee soon. Mike requests the use of the change room to make hot chocolate at the Winterfest skating party. Kerry will get Todd and Jesse to sign the contracts for their services at the activity centre.

**Infrastructure and Government Relations:** The solar lights for the sign at the firehall will be installed by Al.

Al was at a meeting with the Snowmobile Club. They are going to move away from snowmobiling as recreational activity and move towards promoting it as a tourism attraction. Our Region 12 will be a highlighted area for snowmobiling.

Al, Kerry, Dan Brooks and Bill Rupert attended a meeting held by the mayor of Parry Sound concerning the ambulance issue. The mayor wants to help us solve the problem, and also Donald Sanderson of West Parry Sound Health Centre will support us. The paramedics have still not been informed of any changes. To keep the ambulance service we will still have to upgrade the building to make it livable.

Al mentions that he has met the new Nurse Practitioner, and she seems to be making some welcome changes.

Al mentions again that we don't want to be too quick to be included in Powassan's Area Family Health Team plan, as it could have a negative impact on the ambulance issue and the Nursing Station. Their plan has been approved, just not yet established.
